

How To Measure For The Black Ops Hook Chaps

It's really quite simple:

- A) Measure your "Out-Seam" as shown in the diagram
- B) Measure your thigh about 4 inches down from...
- C) Use the chart below to find the size that works best for you.

You may see that there is some cross over between sizes that makes you fall into two different sizes. If this is the case, pick the one closest to your thigh size.
